Education

University of Bayreuth — *Bayreuth, Germany*

PhD in Information Systems — *05/2023–present*

- Advisor: Prof. Niklas Kuehl
- Thesis: Capabilities and Limitations of Explainable AI for Fairness

Karlsruher Institut für Technologie (KIT) — *Karlsruhe, Germany*

M.Sc. in Industrial Engineering and Management — *10/2019–01/2023*

- Thesis: Overcoming Intuition: A Critical Survey on the Multidimensional Relationship Between Explainable AI and Fairness.

Karlsruher Institut für Technologie (KIT) — *Karlsruhe, Germany*

B.Sc. in Industrial Engineering and Management — *10/2015–09/2019*

- Thesis: The Influence of Persuasion Knowledge Access on the Favor Request Effect.

Professional Experience

Fraunhofer Institute for Applied Information Technology FIT — *Bayreuth*

Research associate — *05/2023–present*

- Acquisition of industry partners for project fundings

Sick AG — *Freiburg i. Br.*

Internship in Strategic Product Management — *09/2021–03/2022*

- Developing and testing a variety of computer vision use cases based on deep learning technology
- Conception and design of promotional material for a deep learning engineering tool

TUP GmbH & Co. KG — *Stutensee*

Internship & working student in IT Project Management — *03/2018–08/2021*

- Developing and testing a variety of computer vision use cases based on deep learning technology
- Conception and design of promotional material for a deep learning engineering tool

Publications

Published

Deck, L., Schoeffer, J., De-Arteaga, M., Kuehl, N. 2023. A critical survey on fairness benefits of XAI. NeurIPS Workshop on XAI in Action (XAIA).

In Review

Deck, L., Schoeffer, J., De-Arteaga, M., Kuehl, N. 2024. A critical survey on fairness benefits of XAI. ACM Conference on Fairness, Accountability, and Transparency (ACM FAccT 2024).

Presentations

Invited Talks

2023. *Overcoming Intuition: A Critical Survey on the Multidimensional Relationship Between Explainable AI and Fairness*. Invited talk: DigitalisierungsDiskurse, Hannover, Germany.

Guest Lectures

2024. *FairDice: An interactive introduction to the multidimensionality of fairness in AI*. Guest lecture: Management of Artificial Intelligence, Frankfurt UAS.

2024. *FairDice: An interactive introduction to the multidimensionality of fairness in AI*. Guest lecture: Introduction to Digital Business Management, University of Hohenheim.

Teaching Experience

2023–2024	**Applied Artificial Intelligence**, Teaching Assistant	*University of Bayreuth*
2023	**Human-Computer Interaction**, Teaching Assistant	*University of Bayreuth*

Outreach & Social Engagement

Social Engagement

Since 2021	**Bürgerrat Bildung und Lernen**, Member of the citizens council for education and learning
2021-2023	**Linkit e.V., KIT student group**, Co-head of Training Department for data science education
2021-2023	**Rock Your Life! Karlsruhe, KIT student group**, Mentoring relationship for equal opportunity in education

Academic Service

Reviewing for various conferences (e.g., AAAI, HICSS, CHB) and journals (e.g., BISE)
